

Let's just say this place is... BEACHIN! ;-) I had the opportunity to check out Mavericks Beach Club a few weeks ago with my bestie. It was a beautiful day. The sun was shining, the drinks were flowing and the beats were bumpin'! When I first walked in, I could not believe how big this place was! 5 indoor/outdoor bars, TVs all around, lounge area, picnic area, bar area, table area... literally an area for any type of vibe you wanted for the day which I loved. It felt like the perfect place for Sunday Funday but also a place I could bring my family for a more upbeat vibe.

Let me tell you my favorite 5 things about this place.

- 1. Food (obvi)- OH MY DEARNESS. Some of the best fish tacos I have had. Jill had a burger which she loved and we ate a whole plate of fries with about 5 different sauces. They had a spicy mayo type that I could eat by the spoonful!
- 2. Make your own six pack- This was probably the coolest thing they had. Not to mention half my followers messaging me about. We made our six pack with a wide range of boozes. From sparkling rose to wine in a can, to IPAs and sours all positioned perfectly in a cute little cooler filled with ice. Let's just say we had a great time!
- 3. **Bike Garage-** You can ride your bike here, check it in, where they use a bike elevator and store it safe and sound. The best part is that if you accidentally drank all the drinks in your six pack ;-) you can leave your bike overnight and uber home!
- 4. **Dessert-** I felt like a kid again choosing what I wanted from the Ice Cream man! Their menu consists of all the goodies we ran outside for when we heard the Ice Cream man music! Of course

I had to get the strawberry short cake because it is one of my favs!

5. Vibes- Just all around good vibes. On a Saturday at noon was perfect for us. It wasn't too crazy and it was a great hang out. The service was awesome and everyone so nice. Plus being able to sit outside and enjoy the weather is always a plus.

6. So you best know I will be back this summer!
