Pacific Beach has a reason to get the party started! [Mavericks Beach Club](#) is officially open for business. The coastal-close, 15,000-square-foot indoor and outdoor venue has taken over the former Pacific Beach Bar and Grill at 860 Garnet Avenue. Mavericks is poised to be a top party destination for locals and visitors alike.

Equipped with coastal-California décor, round tables for community seating and cozy spots by the fireplace, Mavericks was created to capture and celebrate California's infectious beach and surf culture. Named after California's largest surf break and one of the world's top surfing destinations, this beach bar welcomes everyone from party people to sun worshippers, artists to sports enthusiasts.
